

Workshop on Tau Neutrinos from GeV to EeV 2021 (NuTau2021)

Wednesday, 29 September 2021

Experimental techniques (GeV energies) - This workshop will be held as a virtual event (09:30 - 11:10)

-Conveners: Jeremy Hewes

time	[id] title	presenter
09:30	[12] Production and detection of tau neutrinos from accelerator sources in DUNE	MACHADO, Pedro
09:50	[13] Experimental Detection and Studies of Atmospheric Tau Neutrinos in DUNE	AURISANO, Adam
10:10	[14] Experimental techniques: Tau Neutrino Searches at Super-Kamiokande and Hyper-Kamiokande	WENDELL, Roger
10:30	[15] Experimental techniques: IceCube atmospheric	KOSKINEN, Jason
10:50	[52] Discussion
