General Services Update - 2/4/21

- Ssh gateways: atlasgw & rssh - shut off last week
- PrivacyIDEA was put into production last week
  - Existing Keycloak tokens preserved, deleted old IPA OTP tokens (~30)
  - New NX ready: nx.sdcc.bnl.gov - will retire old NX in ~3 months
- Public website redesign: https://drupal-setup.sdcc.bnl.gov/
  - Site nearly finished, rolling it out early next week
  - Reminder: liaisons can login and be given editing rights
- Coverity license change, need interactive host - maybe tex?
- STAR's RT server almost ready
  - https://star-rt.sdcc.bnl.gov/
