

Tools and Services Activity Summary

Digital Repositories

- InvenioRDM alpha 15 (January release) testing underway

Overleaf

- Requested 3-month trial license for Server Pro (local) deployment. Legal is reviewing terms of trial license. We'll use this period to evaluate licensing mechanism and to integrate it with our infrastructure
- NPP, NSLS-II and CSI are interested and will contribute to acquisition of a (initial) 500-license deployment.

General Web Services

- New SDCC website <https://www.sdcc.bnl.gov> launched yesterday
- 3 instances for US ATLAS code-browser frontend migration from ITD's squid proxy -> SDCC reverse proxy now is complete
