

**WSMON4: Ultrafast Pump Probe Optical Microscopy Techniques and their
Applications in Nanoscience**

Contribution ID: **10**

Type: **not specified**

**Unraveling fundamental processes in
two-dimensional nanomaterials with ultrafast
nonlinear optical microscopy**

Monday 17 May 2021 15:25 (30 minutes)

Presenter: PRASANKUMAR, Rohit (Center for Integrated Nanotechnologies Los Alamos National Laboratory, NM)
