

**WSWED4: Towards the Next Generation of Photothermal and Near-Field
Infrared Nanospectroscopy at the CFN and NSLS-II**

Contribution ID: 5

Type: **not specified**

**From nano-medicine to nano-optics of quantum
materials: the multidisciplinary analytical power of
synchrotron nano-IR**

Wednesday, 19 May 2021 14:20 (40 minutes)

Presenter: FREITAS, Raul (Brazilian Center for Research in Energy and Materials (CNPEM) / Brazilian Synchrotron Light Laboratory (LNLS))
