

**WSWED4: Towards the Next Generation of Photothermal and Near-Field  
Infrared Nanospectroscopy at the CFN and NSLS-II**

Contribution ID: 10

Type: **not specified**

**Novel applications of photothermal infrared  
spectroscopy coupled to optical and atomic force  
microscopy for analysis of atmospheric aerosols**

*Wednesday, 19 May 2021 17:10 (25 minutes)*

**Presenter:** AULT, Andrew (University of Michigan / Department of Chemistry)
