

Brookhaven Forum 2021: Opening New Windows to the Universe (BF2021)

Wednesday, 3 November 2021

Plenary Session II: Chair: Elizabeth Worcester (10:40 - 12:00)

time	[id] title	presenter
10:40	[4] On Gravitational Anomalies and Superfluid Dark Matter	ALEXANDER, Stephon
11:20	[5] Pushing the boundaries of particle accelerators, detectors and quantum information science with superconducting radio frequency technology	GRASELLINO, Anna

Thursday, 4 November 2021

Plenary Session II: Chair: Mary Bishai (10:40 - 12:40)

time	[id] title	presenter
10:40	[8] Learning about new physics with neutrinos	MOCIOIU, Irina
11:20	[9] Looking for new physics with neutrinos: MicroBooNE first results and beyond	FLEMING, Bonnie
12:00	[10] Theory Precision for LHC Phenomenology	MISTLBERGER, Bernhard

Friday, 5 November 2021

Plenary Session II: Chair: Ian Shoemaker (10:40 - 12:00)

time	[id] title	presenter
10:40	[16] Self-Organized Localization	MCCULLOUGH, Matthew
11:20	[17] Direct Detection of Sub-GeV Dark Matter	LIN, Tongyan
