

editorial/project team update

Peter Steinberg, BNL/ ECCE biweekly meeting / 11 October 2021

ecce editorial/project team: Tom Cormier, Richard Milner, PAS

Editorial activity

- **Lots of activity in the ecce-editorial GitHub organizations (ecce-proposal & ecce-notes)**
 - Lots of new notes and requests for access — please keep them coming
- **Activity on editorial team will move toward document review (notes, proposal)**
 - Will mostly take place on GitHub, commenting on released version of documents, but email is possible for special cases
 - Please make sure you have a GitHub account so you can participate in commenting, etc.
 - Will be arranging tests ASAP, based on the more advanced notes
- **New master document DB posted as google sheets**
 - First step toward proper DB, but this works for now
 - https://docs.google.com/spreadsheets/d/1Nuke_bu3tKajKQoNEF50UzSZk2IpTMqrs2Xk5KjaduE/edit?usp=sharing
 - Public read access but both GitHub and overleaf are still restricted
- **Please post your talks on Zenodo and provide feedback for me ASAP**
 - Ongoing discussions on this service at BNL and user/collaboration experience is crucial
 - NB Zenodo access requires an approval step
 - <https://www.sdcc.bnl.gov/information/services/log-bnl-zenodo-repository>
 - *Main one: send request to RT-RACF-UserAccounts@bnl.gov with institutional email and request for “EIC zenodo”*
 - *Approval will come to me and I will approve it*

ECCE documents

	A	B	C	D	E	F	G	H
A1	ECCE ID	Topic	Responsible	Github	Overleaf	Version	Release date	Release link
1	ecce-note-phys-2021-01	Jet performance note	Tristan Protzman	https://github	https://www	0
