Forward calorimetry JES

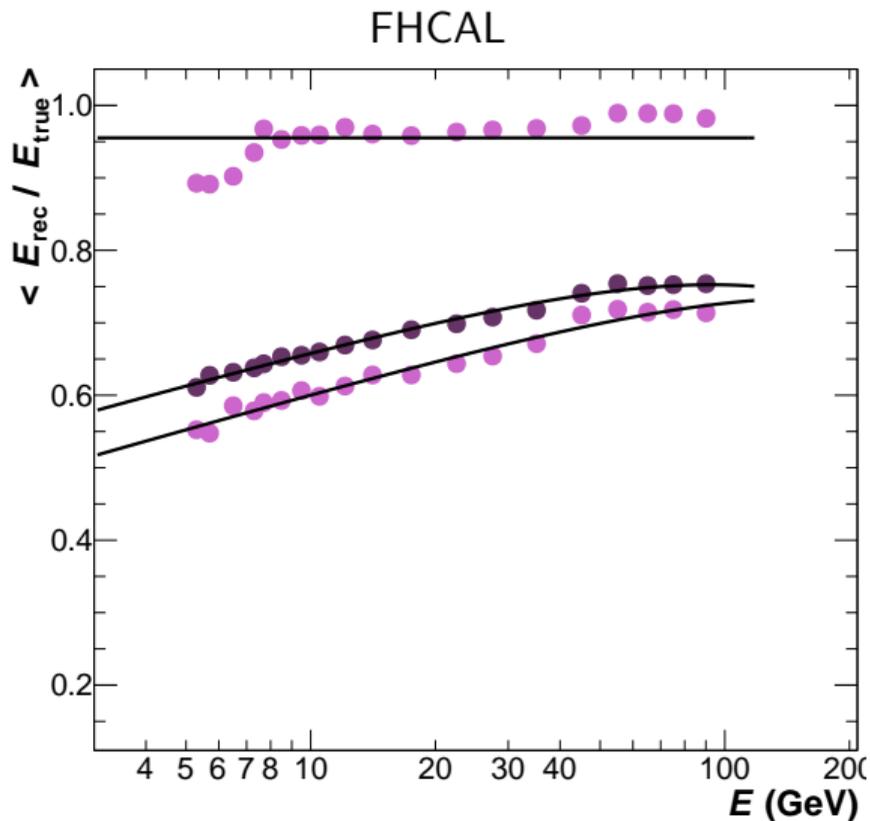

- Jet energy scale for forward calo jets looks surprisingly far off
- What's going on?

Calorimeter calibration

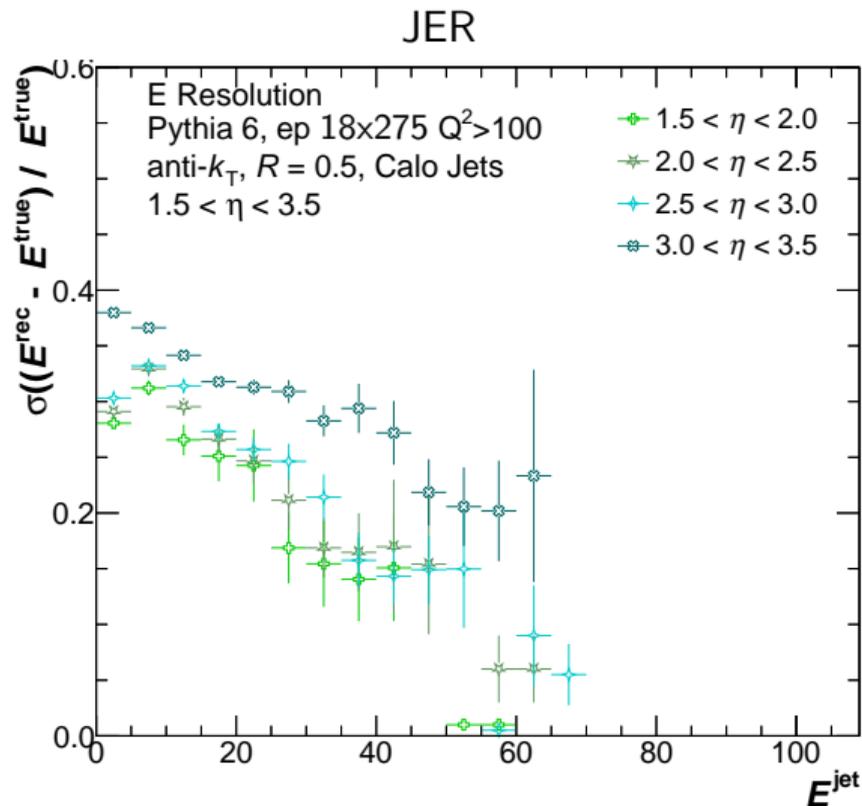

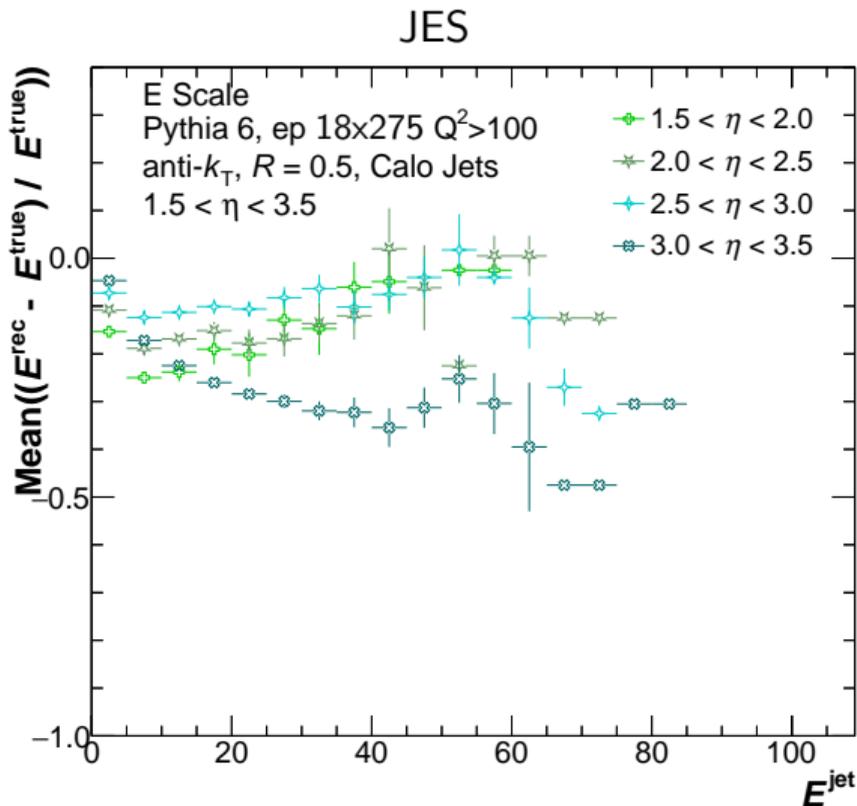

Raymond Ehlers (ORNL) - 10 August 2021

Forward calorimetry JES, JER

Calo jets over full detector

- Expanded analysis to the rest of the calorimetry
- Not yet calibrated either centrally or in our post processing
- Should calibrations be a centralized activity?
- Plans for eA for R_{eA} or di-hadron correlations?
