Software and Computing Meeting

Summary of meeting

- Meeting is between EIC computing coordinates (i.e. Jerome and Graham) plus a representative of all 3 consortiums
  - CORE has not designated a rep. yet
- "ATHENA indicates the general idea would be that the proto-collaboration "stuff". DAQ / Streaming readout may fall under computing ; then the computing would focus on lab resources and the like ;"
- Discussed upcoming EICUG meeting for computing presentations
  - General computing talk
  - Proto-collaboration specific talks
  - AI/ML dedicated talk?
- "Xootd @ Jlab: ensure filebrowser and jsroot interface available"
- "S3 access - how does that scale?"
