Charter stipulates that each institution has its vote weighted depending on the number of 'Collaborators in Good Standing' (CGS) according to the formula: $w = 1 + \text{int}(\text{CGS}/10)$; not to exceed 3

The default institutional voting weight = 1 (i.e., this is the weight assigned if no response is received)

- Original deadline for response was Monday the 9th, but we have said we will push this back
- New deadline: Please respond by the 20th (will send a separate email)
