

23rd International Congress on X-ray Optics and Microanalysis (ICXOM23)

Thursday, 17 September 2015

Electron Imaging - Berkner Hall, Auditorium (08:30 - 10:50)

time	[id] title	presenter
08:30	[42] Recent Developments in Environmental High-Resolution Transmission Electron Microscopy	YANG, Judy
09:30	[43] Beyond Crystallography: Atomic Resolution Electron Tomography	MIAO, Jianwei (John)
10:10	[44] Polarization-dependent imaging of domains, critical phenomena, and dynamics using X-Ray Photoemission Electron Microscopy	SCHOLL, Andreas
