

23rd International Congress on X-ray Optics and Microanalysis (ICXOM23)

Friday, 18 September 2015

X-Ray Optics IV - Berkner Hall, Auditorium (08:30 - 10:10)

time	[id] title	presenter
08:30	[56] 2D slope surface profilers based on a Schack Hartmann Sensor for sub 100 nrad slope error measurement	IDIR, Mourad
09:10	[57] Kinoform Lenses for High Energy (>50 keV) Photons and other applications	EVANS-LUTTERODT, Kenneth
09:50	[58] High efficiency polymer lenses for hard X-ray nanofocusing	KRYWKA, Christina
