

# 23rd International Congress on X-ray Optics and Microanalysis (ICXOM23)

## Monday, 14 September 2015

**Micro / Nano Probes II - Berkner Hall, Auditorium (15:40 - 17:00)**

time	[id] title	presenter
15:40	[21] Nm-scale spatial resolution x-ray imaging with MLL nanofocusing optics: instrumentational challenges and opportunities	NAZARETSKI, Evgeny
16:20	[22] Development of a soft X-ray ptychography beamline at SSRL and its application in the study of energy storage materials	WISE, Anna
16:40	[74] Strategies for Cost Minimization in X-ray Microscopy	WILLIAMS, Garth
