

# ATHENA FF DWG Update

11/8/2021

Alex and John

# Overall Status

- “Final” FF performance plots submitted to proposal writing group (next slide).
- Final costing information submitted to costing group.
- Work continuing on updating information in DD4HEP.
  - There are still problems with tracking in the B0 that will not be fixed for the proposal.
  - Full detector performance demonstrated in EICROOT and standalone GEANT simulations (for the ZDC).

# Performance Plots
