

What to do from here?

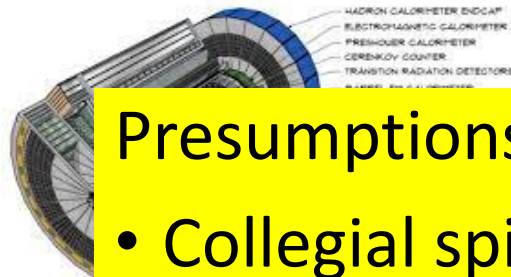

- The entire EIC community is already blessed with a commonality of purpose defined explicitly by the known EIC physics program.

We have to have a commonality and purpose. We have to understand that each of us is dependent on the success of the others in the organization to reach the goals we're trying to accomplish. It's never an easy thing.

— Rick Welts —

AZ QUOTES

Presumptions for Evolution Meeting (Ground Rules?):

- Collegial spirit:
(we're destined to be colleagues for a long time).
 - Open-mindedness:
(Maybe other people had valid considerations after all).
 - Active Anti-tribalism:
(Tribal considerations will destroy all our hopes)
 - Recognition of Opportunity:
(Full community can commonly benefit from past year)
