13:00		

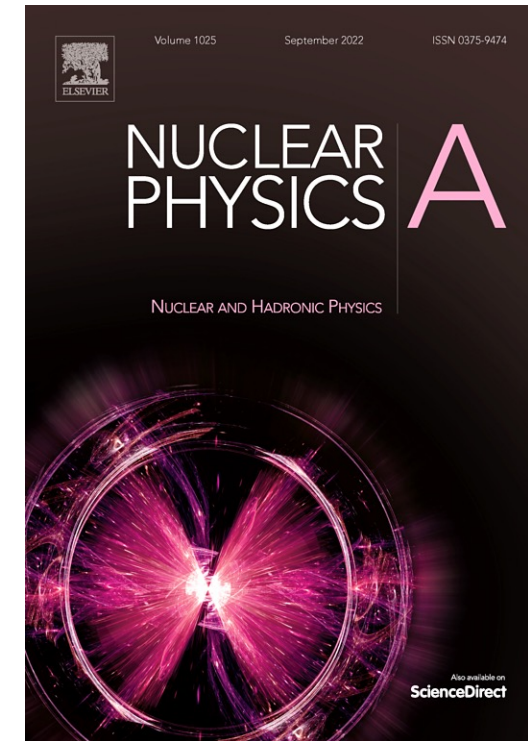

NSAC Long Range Plan Session

- Update from DOE by Tim Hallman is in LRP session
- Important discussion about EICUG plans for NSAC Long Range Planning Process

09:00	NuPECC - European Nuclear Long Range Plan Process <i>Wang Center, CFNS Stony Brook University</i>	<i>Franck Sabatié</i> 09:00 - 09:25
	NSAC - US Long Range Plan Process in the US <i>Wang Center, CFNS Stony Brook University</i>	<i>Robert Tribble</i> 09:30 - 09:55
10:00	DOE update <i>Wang Center, CFNS Stony Brook University</i>	<i>Timothy Hallman</i> 10:00 - 10:25
	EICUG Plans for NSAC LRP <i>Wang Center, CFNS Stony Brook University</i>	<i>Thomas Ullrich</i> 10:30 - 10:50
11:00	END OF MEETING Thank you's <i>Wang Center, CFNS Stony Brook University</i>	11:00 - 11:10

Yellow Report Publication

- It has been a long and winding road ...
- Yellow Report is scheduled to be published in issue/vol 1026 of Nuclear Physics A
- Manuscript will be compiled on July 27th and proofs will follow within a few days.
- Thank you to Nu Xu and many others on the SC for pushing behind the scenes.

STRONG INTERACTIONS

- A new podcast about the physics that drives the EIC.
- Developed and produced by ***Maria Zurek*** and ***Markus Dieffenthaler***
- Available directly at the website <https://www.stronginteractions.org/>
- Also linked from the EICUG site – eventually will be released on other platforms.
- First episode features Professor Robert Jaffe from MIT.
- Check it out!

**STRONG
INTERACTIONS**

**STORIES STRAIGHT FROM
THE HEART OF MATTER**

Quick reminder of the ground rules

- Listen respectfully without interrupting
- Commit to learning, not debating
- Criticize ideas, not individuals
- Meeting chairs please be mindful of all participants and facilitate a variety of responses, questions and comments
- When possible, wear mask to help mitigate rising infection rate.
- All talks **MUST** be loaded by midnight the day before you present.
