

3rd ICFA Beam Dynamics Mini-Workshop on Machine Learning
Applications for Particle Accelerators (Chicago, IL - Palmer House Hilton)

Contribution ID: 103

Type: **not specified**

Data Analysis and Control of an MeV Ultrafast Electron Diffraction System Using Machine Learning

Thursday, 3 November 2022 13:25 (25 minutes)

Presenter: BOLIN, Trudy (UNM)

Session Classification: Facility (Session Moderator: Francesco Maria Velotti, CERN)
