# Topics for today

- **Detector 1 mailing list**
- **Brief detector presentations**
  - barrel TOF - Zhangbu
  - pfRICH - Elke
  - forward calorimetry - Peter
- **Discussion**
- **I'd like to get the physics talks from our junior colleagues back into the schedule soon!**

# EIC phonebook

- **Call for phonebook went out about a week ago**
- **Group leaders have provided names**
  - Inclusive list - people who have contributed and who might contribute in the future
  - 65+ names!
  - I expect all of you
- **Still waiting for names from Gabriella in IO**
  - Need to clarify PO/IO interactions on detector, since activities have been somewhat independent (modulo R&D projects) up to now
