

Indico News

- SDCC will meet with ITD next week to discuss Indico upgrade
 - From v2.3 to v3.x (x likely to be “1”)
 - feedback from various evaluators
 - you can try test instance on indico3.bnl.gov (BNL internal network only)
- Likely to happen in the next several weeks (late August into late September)
- Likely to be a multi-hour (complete) outage
 - If you have specific dates when Indico CANNOT be down, please inform us
- Announcement soon after deciding on date and time
 - Several reminders probably to follow
