eRD108 FY23 proposal - Submitted

Wednesday 12 October 2022 14:30 (1 hour)

From Thomas, Elke, Rolf Patrizia:

- We ask all ongoing projects to prepare the next round of proposal for FY23. They are due October 1, 2022.
- Same guidelines as for FY22 apply.
- Please describe milestones, timeline, and budget in detail. -
- Please remember to be inclusive and integrate the interested parties in the community”

AOB - ePIC Detector: Cabling and services info from subdetectors

Wednesday 12 October 2022 14:45 (30 minutes)

email from John Lajoie:

“We would like to concentrate on making progress in collecting the information on cabling and services needs that the Project has requested. To help make this easier, the Project (we have invited Rolf, Elke, Roland and Rahul) will attend. They will be there to help answer your questions and work with us to collect the information they need.

To make this work, we need the DWG conveners to come to the meeting at least with a start on the uniform spreadsheet the Project has made available”
