  - Main interest is jets
- Spent the last 15 years studying the QGP, even though coffee the more perfect liquid
- Former Physics co-convenor of ECCE
- Former Chair (and current Member) of the RHIC AGS Users Executive Committee
- Member of the Charter Committee
- Member of the EEEMCAL Consortium
- Member of NSAC
  - Facilities and QCD subcommittees

# As CC Vice-Chair

- In the Charter → 2 year term (1 year as VC, then 1 year as chair)
- I believe strongly that running orderly meetings where everyone has the opportunity to share their opinions
  - Collegiality
  - Detailed Agenda → Efficient Meetings
  - Goal is to bring the best of the "lessons learned" forward to our new collaboration
- There will be a lot of work to be done in the next few years to develop a healthy and happy community, our CC meetings will be key to the development
- I have a reasonable working knowledge of Robert's Rules of Order
