

# EIC-TOF BNL Activities

Tonko, Prithwish, Prashanth & Zhangbu

# TOF Specific Readout board (RDO)

Test board  
with EIC-  
ROC0

- Have ZC706 board and Test Board with EIC-ROC0 wire bonded
- Started using Software/Firmware developed by IJCLAB & Omega group to read the FPGA
  - Able to boot from SD card mounted on the ZC706 & read FPGA registers
  - Starting to working on reading EIC-ROC0
  - This firmware will be further improved for TOF use
