

2023 RaDIATE Collaboration Meeting

Contribution ID: 33

Type: **not specified**

Center for Functional Nanomaterials

Wednesday, June 28, 2023 9:00 AM (40 minutes)

Center for Functional Nanomaterials (CFN) is a DOE Scientific User Facility that provides access to state-of-the-art material characterization and synthesis tools to a scientific community. In this talk I will give an overview of the CFN user program and discuss how the facility can be accessed by external users. I will describe available instrumentation and capabilities relevant to material science and give examples of on-going research and available expertise at the center.

Presenter: NYKYPANCHUK, Dmytro (BNL)

Session Classification: Talks
