

## 8. Next Collaboration Council Meeting and AOB

We propose to keep the Collaboration Council meetings on a ~monthly schedule into Summer in view of Collaboration needs, and anticipate a reduced frequency afterwards.

The next Collaboration Council Meeting is thus proposed for late May. Tentatively, we will aim for either Thursday May 25, 2023 in the U.S. evening to better accommodate our colleagues in Asian time-zones, or Friday May 26, 2023 in the U.S. morning. Input is of course sought and welcome, be it now or later.

Thank you! Meeting is adjourned.
