

Hanyang University

- One faculty (Byunggu Cheon), potentially a postdoc and students in near future
- Participate in the BELLE experiment (KEK) and dual-readout calorimeter projects for FCC-ee and CEPC
 - BELLE-II Level-1 Calorimeter trigger
 - Develop readout electronics and DAQ system and test the prototype at CERN
- Research interests in EIC
 - Barrel ECAL detector building: Sci/Pb layers, readout electronics with ANL
