

Reco WG Priority Activities | Particle Flow

Coordinator: Derek Anderson, ISU (dmawxc@iastate.edu)

- **Two primary tasks:**

- 1) Survey existing implementations of PF
- 2) Explore necessity of custom approach (rather than an existing package) in the barrel and backwards regions

- **Current Status:**

- Everything's in place to start protoyping!
- Survey is in progress:

☞ **Special Jet/HF meeting on July 13th at 3 pm ET! Matt Nguyen will discuss PF at CMS!**
