

Communications from the Conference and Talks Committee (CTC) chairs

Maria Żurek, zurek@anl.gov
Brian Page, bpage@bnl.gov

News

Conference and Talks Committee is in the process of being formed:

- Chairs: Maria Żurek (ANL, chair), Brian Page (BNL, vice-chair)
- Call for member nominations: **Deadline Sep 8th, tomorrow**
- Many(!) great nominations, we are convinced we will form CTC soon, expect emails next week

First Priority for the Committee:

- Conference and Talks policies

ePIC Conferences and Talks List and Wiki

List information and subscription: <https://lists.bnl.gov/mailman/listinfo/epic-talks-l>

List address: epic-talks-l@lists.bnl.gov

- Coordinators, Conveners, and DSCs should have already been subscribed
 - If you did not receive a sign-up notice and you believe you should have, please contact Maria and Brian
- **All collaborators are recommended to subscribe**
- The talks list will serve as a central location for the discussion and final review/approval of presentations

Wiki page with conference archive and useful info while the ePIC database and conference archive system is being developed:

https://wiki.bnl.gov/EPIC/index.php?title=Conferences#Conference_and_Talks_Committee_%28CTC%29_Chairs

Reminder about Interim Policies

While new policies are being developed, please refer to the interim policies:

<https://wiki.bnl.gov/EPIC/index.php?title=Policies>

- Please distribute your conference contributions **two weeks before the conference/submission deadline** to the appropriate WG mailing list.
- Please include **epic-talks** (epic-talks-l@lists.bnl.gov) in all communications about conference material review and approval.

In case of questions, please contact us. We are here to help the conveners and other line management in the approval process in this interim period.

Recent and Upcoming Conference Presentations

Conference	Talk/Poster	Topic	Speaker
First International Workshop on the Physics of UPC	Talk	Exclusive Vector Meson Physics at the EIC	TBD (please send nominations)
Spin23	Talk	ePIC Overview	Barak Schmookler
Spin23	Talk	EIC Proton Spin Structure	Maria Zurek
EINN 2023	Talk	Tracking Overview	Matt Posik
2nd CFNS Wksp on Understanding Non-Pert QCD with Energy Flow	Talk	ePIC Overview	Derek Anderson / TBD
Epiphany 2024	Talk	Physics Overview	TBD (please send nominations)
HEP-EPS Conference	Talk	ePIC Overview	Pietro Antonioli
Quark Matter	Poster	Pair Spectrometer	Aranya Giri
Quark Matter	Poster	pECal	Zhongling Ji
Quark Matter	Poster	LFHCal	Iris Ponce

Recent and Upcoming Conference Presentations

Conference	Talk/Poster	Topic	Speaker
11th International Workshop on the Physics of UPC	Talk	Exclusive Vector Meson Physics at the EIC	TBD (please send nominations)
	Talk	ePIC Overview	Barak Schmookler
	Talk	EIC Proton Spin Structure	Maria Zurek
EINN 2023		Tracking Overview	Matt Posik
2nd CFNS Wksp on Understanding Non-Pert QCD with Energy Flow		Overview	Derek Anderson / TBD
Epiphany 2024	Talk		TBD (please send nominations)
HEP-EPS Conference	Talk	ePIC Overview	
Quark Matter	Poster	Pair Spectrometer	Aranya Ghosh
Quark Matter	Poster	pECal	Zhongling Ji
Quark Matter	Poster	LFHCal	Iris Ponce

Please keep us informed about contributed and invited talks on behalf of the ePIC Collaboration for archiving purposes.
