

Activities in SIDIS WG

ePIC Analysis Coordination Novembre 10, 2023

- Initial steps for studies of quarkonium to access gluon TMDs
- Discussion about backward hadron calorimeter and impact
- Reprocessing of analyses from ATHENA and ECCE for ePIC

- Initial steps for studies of quarkonium to access gluon TMDs
- Discussion about backward hadron calorimeter and impact
- Reprocessing of analyses from ATHENA and ECCE for ePIC

- Unpolarised TMD PDFs: experiment and theory
- A_{LU} asymmetries
- Collins and Sivers asymmetries

Preliminary study from Gregory Matousek
