

# The vessel at Stony Brook

## pfRICH project

---

**C-J. Naïm**

on behalf of the Stony Brook team

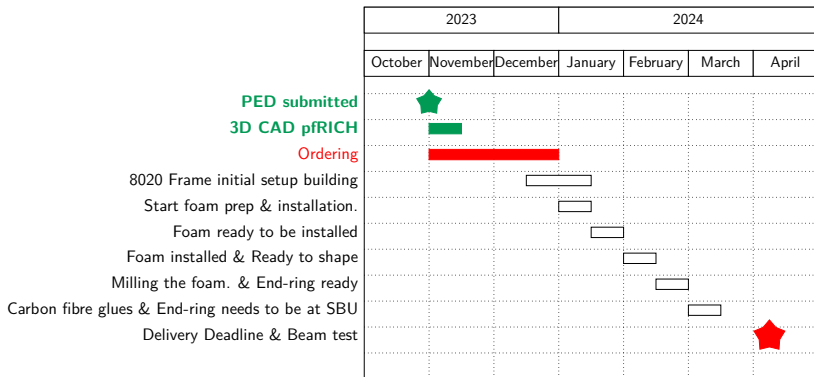

*Center for Frontiers in Nuclear Science*

**pfRICH group meeting**

January 25, 2024

# Initial Project Timeline: vessel construction at SB

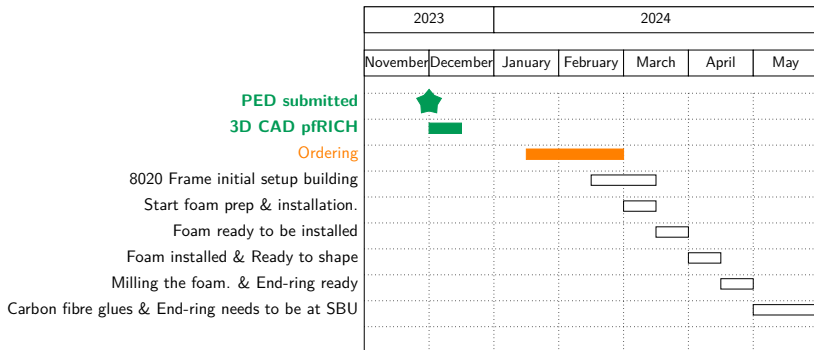

**Delays on ordering:**

**We are behind schedule for the beam test timing.**

# New Project Timeline: vessel construction at SB

... it is **completely decoupled** with the beam test:

**Mission:**  
**Be ready in June.**

## Current status

- ▶ PED (mirror shell) submitted at the end of November: administrative delays in securing funds at SB;
- ▶ Ordering postponed to early March: unable to participate in the beam test;
- ▶ Plan C: **evolving independently of Stony Brook;**
- ▶ Funds arrived at Stony Brook this week;
- ▶ Commencement of orders next week;
- ▶ The entire timeline has been shifted by one month;
- ▶ **Delivery expected in May-June.**
