

Present Activity

- Study of Heavy Flavour in ALICE Experiment
- Graduated : 06 (PhD), 13 (M.Sc Project)
- Ongoing : 04 (PhD in ALICE) , MSc: 02 (Project)

Possible contributions and Manpower

- Physics simulation: Heavy Flavour in Semi-Inclusive DIS, Heavy Flavour Exotics
- Detector Simulation: dRICH
- Present M.Sc project : Study of Multipartonic interaction e-p collisions from HERA to EIC
- Manpower: MSc: 02 (Project), B.Tech:01
