

# STAR status for Run 24 – Sep. 03<sup>rd</sup>, 2024

*Daniel Cebra, University of California, Davis*

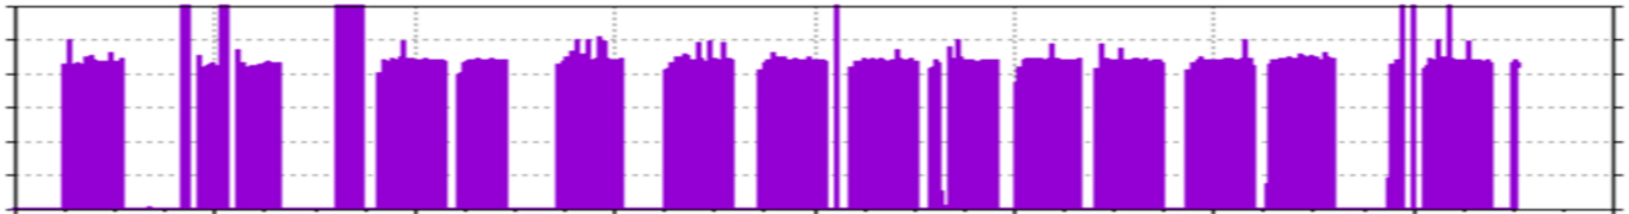

*For the STAR Collaboration*

## Review of the Past Week

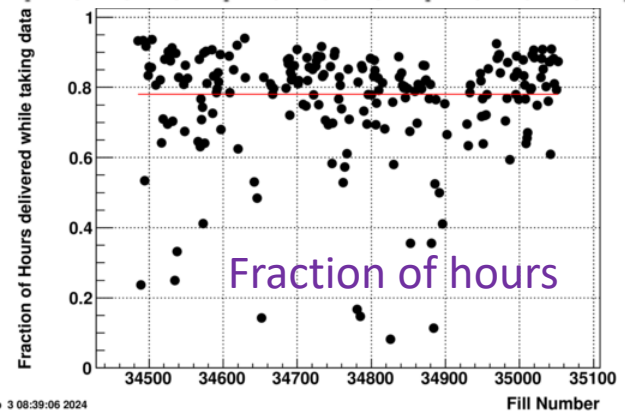

BBC Coincidence Rate  
(i.e. Collision Rate)

HLT  
Good  
Rate

- STAR is running well.
- Fraction of available hours about 80%.
- Data taking is tracking the collisions.

# Projection for 200 GeV p+p

STAR's Figure of Merit projections taking into account the revised schedule and the recent collider and experiment performance. Projections are approaching the targets for the RUN.
