ePIC Conference Policy Draft for Collaboration Review

Email from 04/23/2024, Subject: *ePIC Conference Policy Draft for Collaboration Review*

We encourage each institute to review the draft policy as a group and share any questions, comments, or suggestions via your CC representative(s)

- preferably **through this form** <https://forms.gle/WQcsMMp4XbCv8ADL7>
- or via our contact list **epic-ctc-l@lists.bnl.gov** if the form is not accessible from your country

Deadline set for ***May 13, 2024***

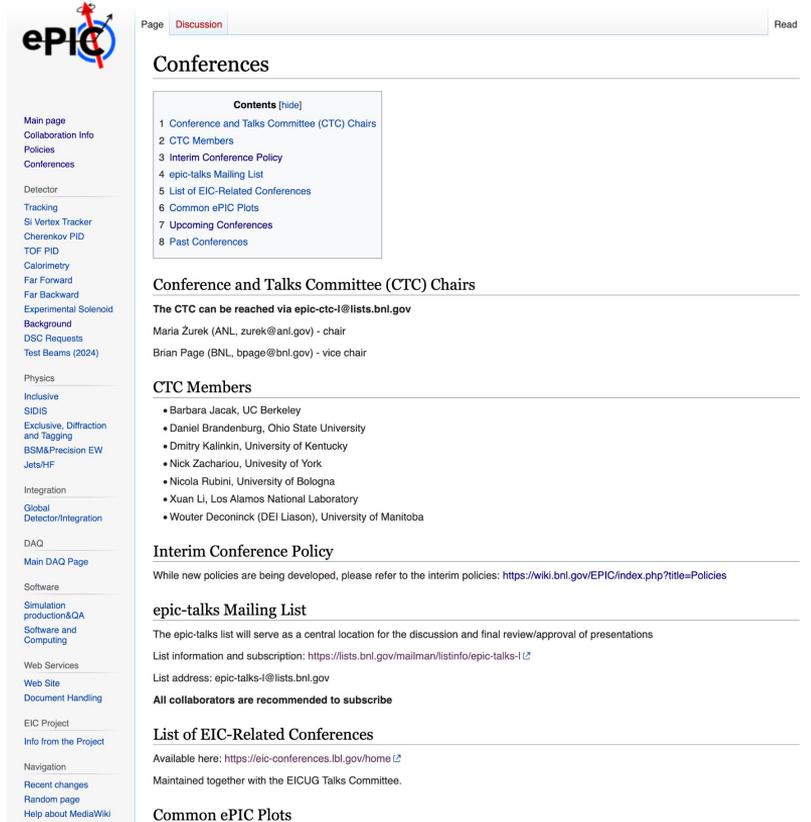

As we share these policies with the collaboration for feedback we are working in parallel with the Publication Committee on finalizing a shared definition of the 'ePIC Result'.

The screenshot shows the EPIC Wiki page for "Conferences". At the top left is the EPIC logo. Below it is a navigation sidebar with links to various pages like "Main page", "Collaboration Info", "Policies", "Conferences", "Detector", "Tracking", "Si Vertex Tracker", "Cherenkov PID", "TOF PID", "Calorimetry", "Far Forward", "Far Backward", "Experimental Solenoid", "Background", "DSC Requests", "Test Beams (2024)", "Physics", "Inclusive", "SIDIS", "Exclusive, Diffraction and Tagging", "BSM&Precision EW", "Jets/HF", "Integration", "Global Detector/Integration", "DAQ", "Main DAQ Page", "Software", "Simulation production&QA", "Software and Computing", "Web Services", "Web Site", "Document Handling", "EIC Project", "Info from the Project", "Navigation", "Recent changes", "Random page", and "Help about MediaWiki". The main content area has a "Page Discussion" tab and a "Read" button. The title "Conferences" is displayed. Below it is a "Contents [hide]" box with a numbered list of 8 items: 1 Conference and Talks Committee (CTC) Chairs, 2 CTC Members, 3 Interim Conference Policy, 4 epic-talks Mailing List, 5 List of EIC-Related Conferences, 6 Common ePIC Plots, 7 Upcoming Conferences, and 8 Past Conferences. The "Conference and Talks Committee (CTC) Chairs" section is expanded, showing the text "The CTC can be reached via epic-ctc-1@lists.bnl.gov" and listing Maria Żurek (ANL, zurek@anl.gov) as chair and Brian Page (BNL, bpage@bnl.gov) as vice chair. The "CTC Members" section lists Barbara Jacak (UC Berkeley), Daniel Brandenburg (Ohio State University), Dmitry Kalinkin (University of Kentucky), Nick Zachariou (University of York), Nicola Rubini (University of Bologna), Xuan Li (Los Alamos National Laboratory), and Wouter Deconinck (DEI Liason, University of Manitoba). The "Interim Conference Policy" section states that new policies are being developed and refers to <https://wiki.bnl.gov/EPIC/index.php?title=Policies>. The "epic-talks Mailing List" section explains its purpose as a central location for discussion and final review/approval of presentations, provides information and subscription details (<https://lists.bnl.gov/mailman/listinfo/epic-talks-1>), and the list address (epic-talks-1@lists.bnl.gov). It also recommends all collaborators to subscribe. The "List of EIC-Related Conferences" section provides the URL <https://eic-conferences.lbl.gov/home> and notes it is maintained together with the EICUG Talks Committee. The "Common ePIC Plots" section is also visible at the bottom.
