Run 2024 Subsystem Expert List

Call from Control Room phone, not from private cell phone. This way experts know it's an sPHENIX call and not a spam call.

USE of PHONE: (emergency: 9999 (9-1-1 also works, but is slower); 9-1-1 outside)
All 4 digit phone numbers are BNL extensions: (+1) 631-344-XXXX (dial XXXX from any BNL phone)
Numbers in the same zone (631-YYY-XXXX) are called from BNL by dialing 9-YYY-XXXX.
Numbers in other zones (ZZZ-YYY-XXXX) are called from BNL by dialing 9-1-ZZZ-YYY-XXXX.
Foreign numbers (+GG-XXXX-XXXX) can be called by dialing 9-0-1-CC-0000000000 from counting house.
(To call a RN paper, dial extension 3456 and follow the instructions, then hang up.)

To be an expert

An instruction is needed to be an expert, which includes contact list, trouble shooting, etc. Let's make it.
