

TIC meeting

July 15

Communications

Keywords for ePIC Zenodo effort, detector side

The list of Zenodo keywords for the DSCs, has been modified to take into account a request coming from Maxim Protekhin (based on technical considerations):

- use ONLY alphanumeric characters,
- ONLY small letters

STATUS: the new list of “proposed keywords” in the ePIC webpage

<https://www.epic-eic.org/documents/keywords.html>

FEEDBACK:

- If you see major inconveniences, please **write me back by Friday July 19**
- Then, “proposed keywords” → keywords

Keywords for ePIC Zenodo effort, detector side

Keyword	Description
detector	Related to the ePIC detectors as a whole
eldaq	Activities related to the electronics/R-O/DAQ CC WG
tracking	Activities related to the tracking CC WG
ecal	Activities related to the calorimter CC WG, EM calorimetry
hcal	Activities related to the calorimter CC WG, H calorimetry
pid	Activities related to the PID CC WG
ff	Activities related to the far detector CC WG, far forward
fb	Activities related to the far detector CC WG, far backward
hardware	Additional tag for hardware-oriented activity (lab, testbeam, irradiation, engineering etc)
simulation	Additional tag for simulation-oriented detector activity
svt	SVT DSC activities
vertex	SVT DSC activities, vertex layers
lat	SVT DSC activities, LAT layers
mpgd	MPGD DSC activities
cymbal	MPGD DSC activities, cylindrical MicroMegas
urwect	MPGD DSC activities, endcap microRWELL
urwbot	MPGD DSC activities, barrel outer microRWELL

drich	dRICH DSC activities
pfrich	pFRICH DSC activities
hpdirc	hpDIRC DSC activities
tof	ToF DSC activities
femcal	FEMCAL DSC activities
bic	BIC DSC activities
eeemcal	EEEMCAL DSC activities
lfhcal	LFHCAL DSC activities
lfhcalinsert	LFHCAL DSC activities, insert
bhcal	BHCAL DSC activities
nhcal	NHCAL DSC activities
b0	B0 detector activities
rpomd	Roman Pots and Off Mommentum Detectors activities
zdc	ZDC activities
luminosity	Luminosity system activities
lumhrc	Luminosity system activities, high rate calorimeter
lumhps	Luminosity system activities, pair spectrometers
lowq2	Low Q^2 taggers activities

Next TIC meetings

- No meeting on July 22 - EICUG/ePIC meeting
- No meeting on July 29 - EICUG/ePIC meeting
- **August 5**
- No meeting on August 12
 - according the ePIC calendar, major holiday period in Europe : Summer Holidays: August 10-24, 2024
- **August 19**
- **August 26**
