Meetings and more

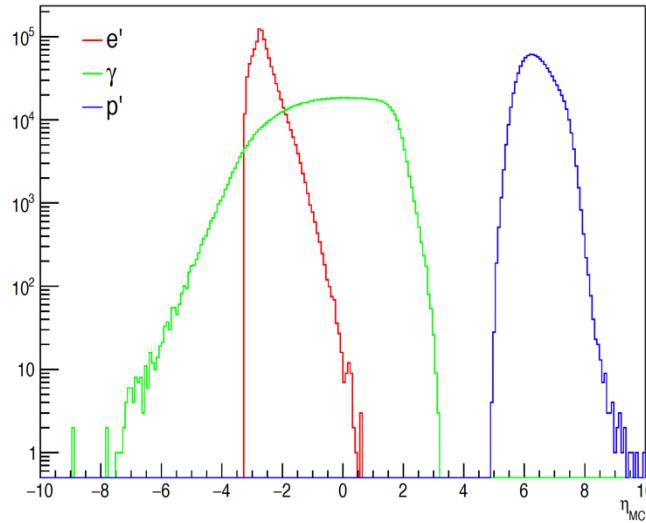

- Last Analysis Meeting → Update on TDR plots and timelines since the Lehigh Meeting
 - <https://indico.bnl.gov/event/24377/>
- Next Analysis Meeting this Friday at 11 am ET August 30th
 - <https://indico.bnl.gov/event/24378/>
 - Further discussion on the overleaf document that will be used for the pTDR
- Analysis Meetings and PWGs meet ~every two weeks → though a little slow during August holidays
- We will be sending a poll shortly to confirm the general Analysis Meeting time in order to maximize convener attendance
 - Had been waiting to fill all the new convener slots before hand

Some proposed TDR plots

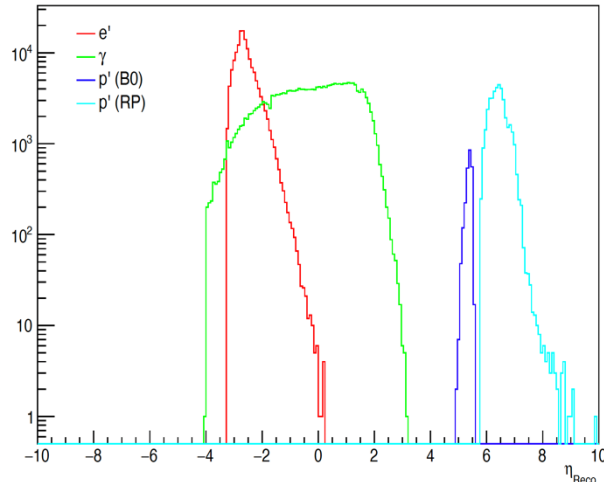

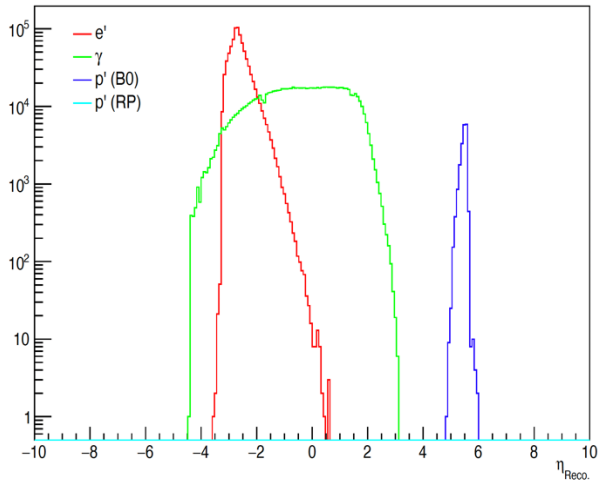

Plots: O. Jevons
(Glasgow)

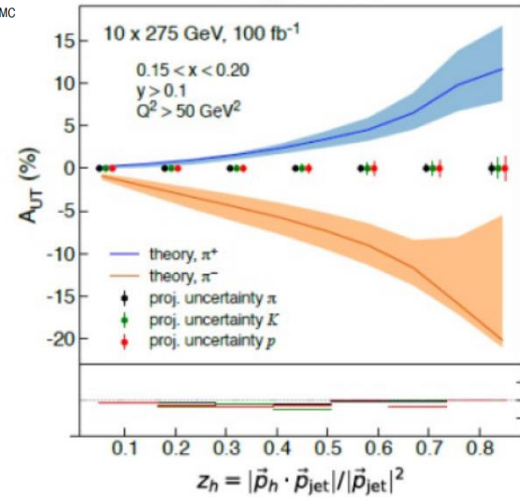

10 x 100 Generated

DVCS ep

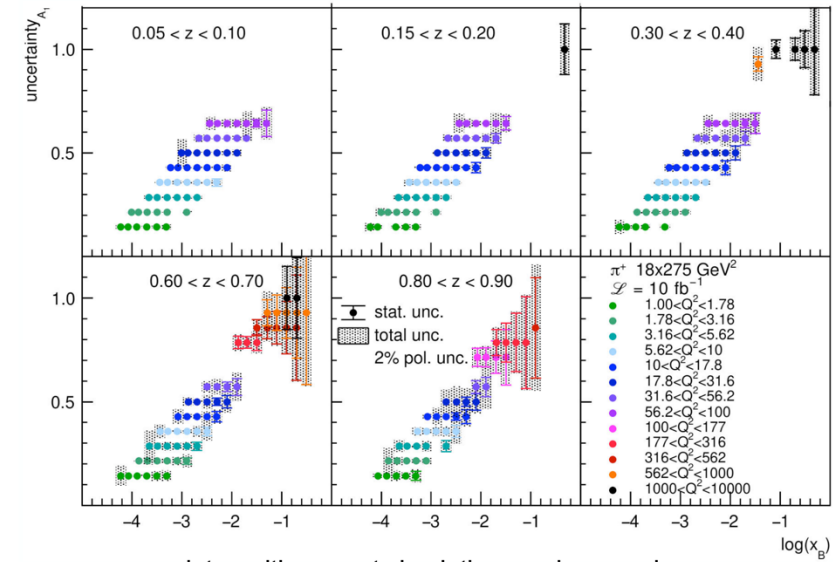

Target Plot:

TDR plot 2: Statistical and total uncertainty of A_{LL} of π^+ for helicity PDFs

plot by: Charlotte van Hulse
