

Momentum resolution of charged pions

Rohit Kaundal

**Indian Institute of Technology Indore
India**

Jets & HF - WG meeting
24 Sep 2024

Analysis Setup

- **Path to data-file:**

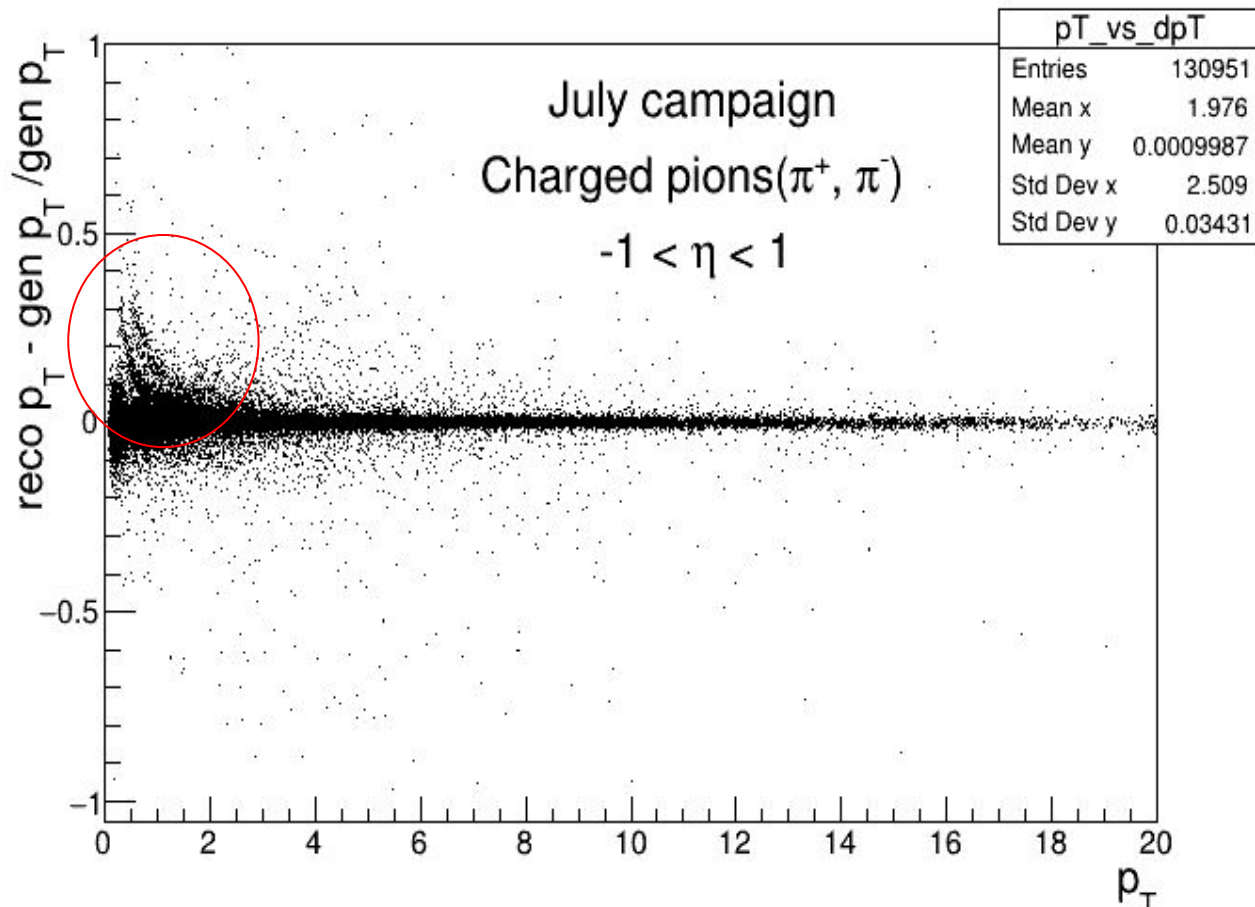

eictest/EPIC/RECO/24.07.0/epic_craterlake/DIS/NC/18x275/minQ2=1000

- July Campaign used

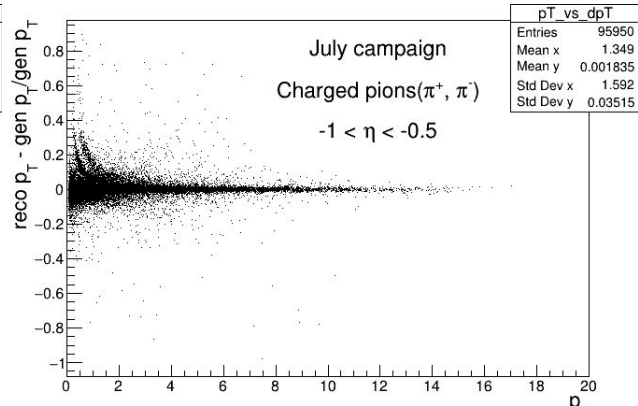

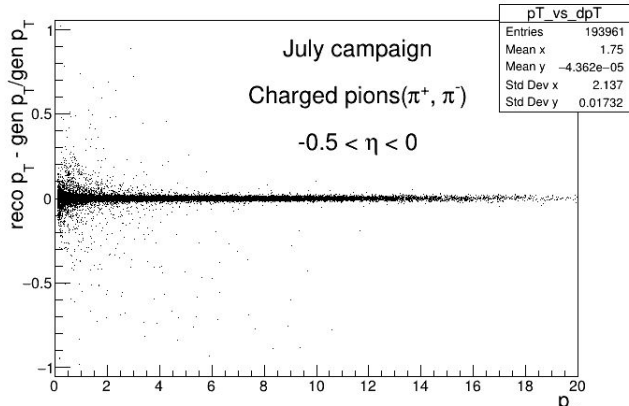

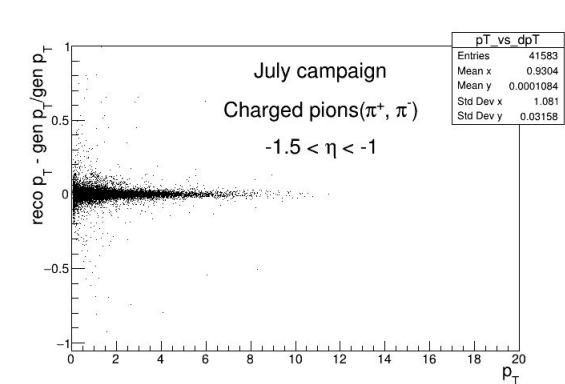

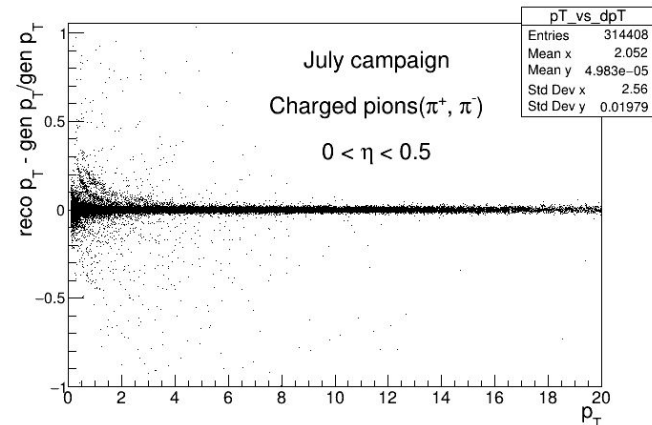

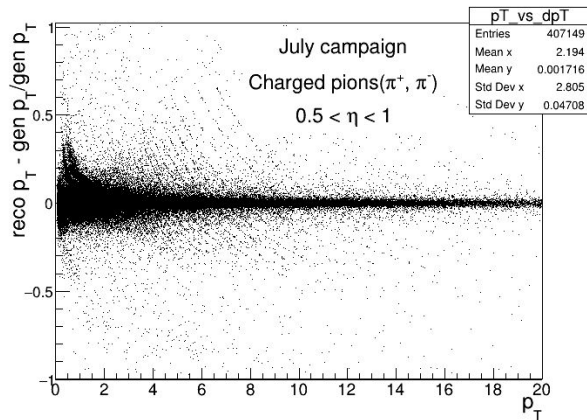

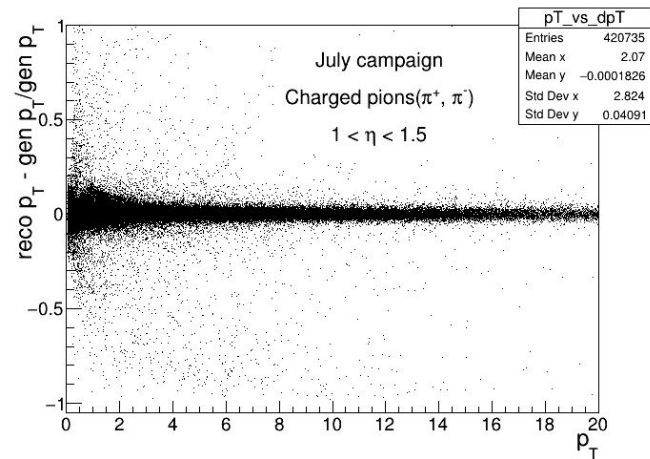

- $\sqrt{s} = 140$ GeV

- Minimum $Q^2 = 1000$ GeV²

Momentum Resolution

Momentum Resolution
