How to archive your talk on Zenodo?

III.5 Conference Material Archival Approved conference materials should be stored in a central location, which will ultimately be managed by the ePIC Collaboration documentation management system. This currently entails submission to the **ePIC Zenodo document database** and may be subject to potential changes.

Organization of talks on Zenodo is done via keywords. When uploading your materials, please include the **appropriate keyword(s)**.

- The list of keywords for conferences and workshops can be found on the ePIC website (<https://www.epic-eic.org/documents/conferences.html>)
- By clicking on the Conference keyword all archived contributions are visible.
