SVT Institutional Board met Friday, November 15:

- Endorsed updates to the organizational structure of the SVT DSC:
 - **Georg Viehhauser** has joined the DSL/DSTC team of Laura Gonella and Ernst Sichtermann as **co-DSTC**,
 - **Joao de Melo** has formally joined Iain Sedgwick as **co-convener of Work Package 1** on ASIC development,
 - **Zhenyu Ye** has joined **Work Package 3** on Electrical Interfaces as **co-convener**, joining Marcello Borri,
 - **Eric Anderssen** has formally joined Andy Jung as **co-convener of Work Package 6** on Global Mechanics and Integration,
- Note: the composition and structure is not static – we will continue to evolve e.g. as the need arises to activate additional work packages.
