# ePIC Hackathon (January 23 – 28, 2025)

Competition-style hackathon with focus on ML solutions integrated to EICrecon
Main hurdle: poor internet connections :(

Two challenges: 1) Low-Q2 momentum regression, 2) PID classification in DIRC
Agenda (Indico), Materials (GitHub)

Shoutout to the organizers: Simon, Dmitry, Karthik; and to the ~20 participants!
