

Run 25 STAR operation 07.22-07.29

Period Coordinator: Kong Tu (BNL/SBU)

Run Coordinator: JH Lee (BNL)

Overview of the week:

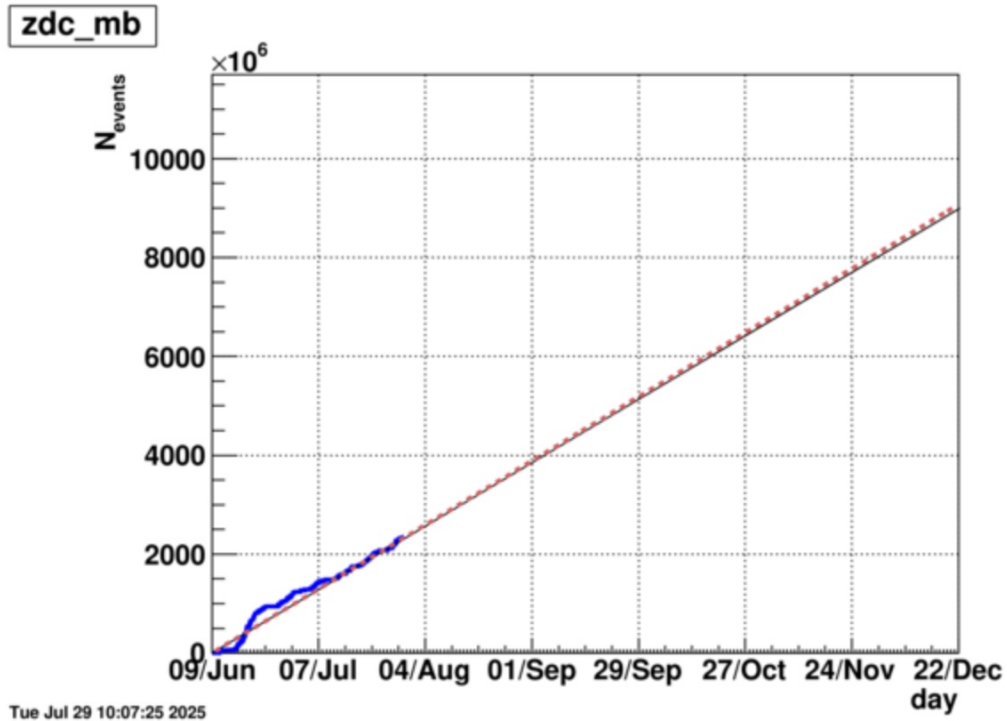

- Smooth data taking (dual mode).
- Some half-field running due to high temperature
- Power dip once (Friday evening.)
- No major issue.

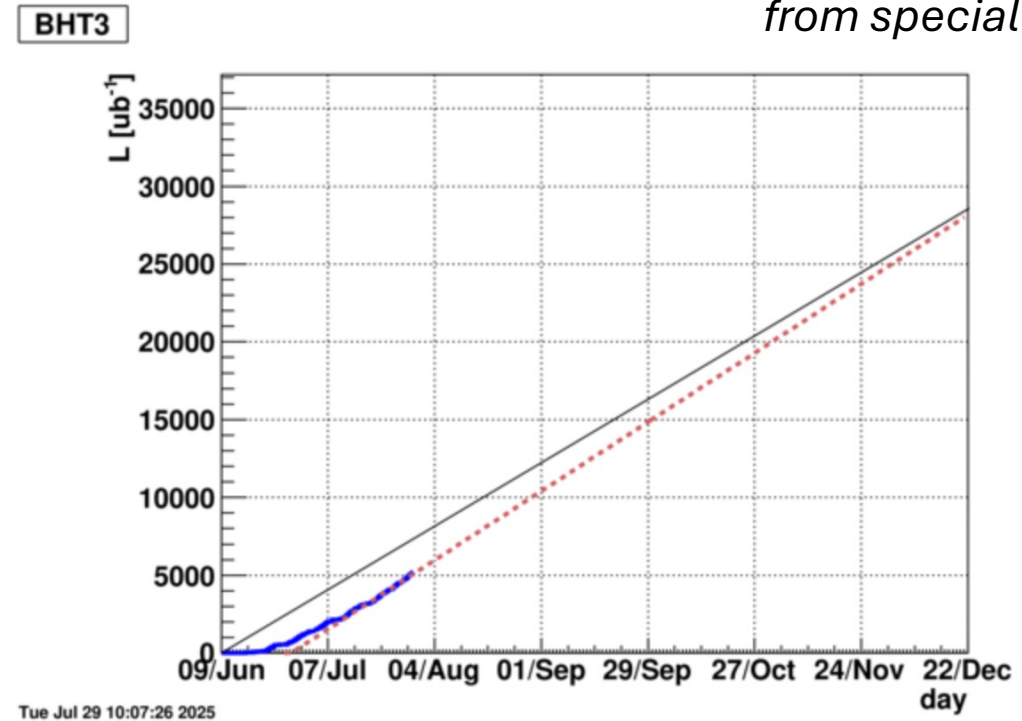

Data taking: On track to our target!

*Of course, we got extra help
from special shiftcrew*

2.34B MB events from low-lumi running

5 nb^-1 sampled from high-lumi running
