

RHIC Time Meeting (Week24: 09/01 - 09/08)

- We had 69 kV transmission line damage on 08/26, which affected current RHIC run.
- This damaged power line was restored on 08/30 (Saturday morning).
- The blue ring is already cooldown, and the yellow is in the process.
- We anticipated to resume our beam operation by this week.
