Safety

makes science possible

If you hear a fire alarm, evacuate the building. Meet in front of CDS building.

- take all your stuff with you — you might not return in case of a real fire

Shelter-in-place location is 2-124 (training room)

Clean Rooms and Laboratories require closed-toe shoes and long pants

- follow all instructions from tour guides

Be careful plugging/unplugging laptops

- shock hazards are not a joke! — report immediately to a BNL staff member
- all electronics must be NRTL approved — **excludes CE!**
