

Tutorial - Working with Simulation Output

Wednesday 14 May 2025 16:15 (1h 45m)

A tutorial on what is included in the output of EICrecon.

Working with files we got in the morning, a deeper dive into what is there. What we can do with these files and what information we can get.

Visualising events.

Homework task.

Presenter: KAY, Stephen (University of York)

Session Classification: ePIC Tutorials - Session 1
