

Updates from ACs

Rachel Montgomery (Glasgow) & Salvatore Fazio (Calabria)

Rosi Reed (Lehigh)

Physics Analysis Coordination Meeting – May 6st, 2025

✓ The EIC Workshop at CFNS went well

- **82 registered participants of whom 33 in person**
- Fruitful discussion on both days!
- Day 1: we will compile a detailed list of processes discussed in the afternoon
- Rosi will coordinate the E.S. exercise, starting from today's discussion on moving forward
- **But for now... thank you all and congratulations!**

Updates from ACs

❖ **Next A&C + Physics joint meeting: Wednesday May 7th**

- Focus on better planning simulation needs, projections, and priorities
 - The aim is at creating a stored and easy-to-access table with requests by each PWG
 - with specifications on which study needs them
 - with a specification on priority of each configuration
 - with projected requests that are still to come
 - The hope is that, together with the lesion figure, this will help S&C planning and organizing each production campaign
- Status of reconstruction priority tasks will be summarized
- The ePIC event display will be presented

❖ **Pre-TDR version 2 is due on: July 11th, 2025**

- See Silvia's talk at the General Meeting: <https://indico.bnl.gov/event/25903/>
- Dedicated discussion today on steps forward
