Current Tutorials and Resources

- Easiest to see what's available in terms of tutorials by going there!

[Link to the ePIC Tutorial Page](#)

Planned Tutorials, Resources and Activities

- Additional tutorials planned
 - Event display
 - [Diffractive eA Example Analysis](#)
 - Work in progress, build upon and reformat this into style of existing tutorials
 - Incorporate some [HSF-India](#) tutorials as “upgrades” to existing (or new)
 - More “pythonic” in style
- Also planning a new initiative - ePIC “Scavenger Hunt”
 - “Solve” clues by carrying out series of software/analysis tasks
 - Clues direct people to a file to analyse
 - Complete the final task to receive a *mystery prize*
- Tasks will be staged such that participants can check progress
 - Likely also have an intermediate prize
- Also conducted a recent survey to canvas user needs
 - Will report on this further soon

Thanks!

Any questions?
