

Outer Barrel FPC Layer 4 Prototype1: info for carrier plate design

20250716 M.Borri

Step 1:

B-FPC (DL559977A2): to adapt carrier plate provided by LTU to include interface PCB (DL559776A)

Step2:

B-FPC (DL559977A3): to adapt carrier plate provided by LTU to include interface PCB (DL559777A)

(Note: potential miscommunication, DL needs to check with LTU)

Step3:

M-FPC (DL559977A1) + B-FPCs (DL559977A2 & DL559977A2): to adapt the carrier plate for M-FPC to mount the carrier plates for the B-FPCs
