PDR editing session

- PDR can have multiple meanings:

- PDR – Prelimary Design Review

- PDR – Preliminary Design Report
  - Short version
  - Long version

- PDR – Please do wRite: Quality Control Documents, Interface Control Documents

- PDR – Please do report

- This session is a working session

- In person discussions should have priority while we have overlap

- PDR – review, we have a review at the end of January with page turns at the beginning of January; many speakers identified, but not all. We benefit from completing this in person

- PDR – long version
  - Focus on manageable tasks: figures, identify original sources and authors
  - Focus on requirements: what do we know, what do we not know, etc
  - Focus on parts of the text: good progress, but also still quite a bit missing
  - Focus on institutional roles (?): no IB
