PAC Meeting 03/11/25

- Italian ES Workshop

- After discussions surrounding dates, still planning for ES workshop in Italy (hosted by Univ Calabria and INFN Cosenza) to take place 17-19 March 2026

- preTDR

- Let's keep up the great momentum that was reported last time
- PACs must meet EB in November (date to be settled, likely mid-November) and we need progress in all sections by then
- If plots/text is not ready, please put placeholder plots or draft text indicating what is planned to be entered

- October Simulation Campaign

- Progressing - any feedback from analysers so far?
- EDT samples launching this week
- Any topics people would like to appear on agenda for next Physics and SW joint meeting? Date tbd
