

IB WP1 meeting summary

Meeting data - 03 December 2025

Meeting purpose

Main purpose of the meeting

- clarifications of the current funding allocations
- clarification of the processes for decisions and communication

Bridging funding

Current funding – non-staff cost

consumables – £38K located at DL and PPD-RAL

travel – some revision in order to align the allocations
for all institutes

Additional funds (£66) available to be shared with the other WPs

- the allocations to be discussed
- chances for additional funds for WP1 are small

considering the needs of the other WPs

These Bridging funds are to be **deducted from IF funds**

- as a principle – from the funds allocated for the corresponding activities/institutions
- with consideration for flexibility to adjust to the circumstances
- details to be discussed at the IF grant submission

Decision/communication processes

- **WP1 coordinators** – represent the WP1 in discussions with the project management (in UK and internationally)
- Important **topics are to be discussed in IB WP1** in order to develop the group's point of view to be carried forward

Draft list of consumables
